Mobile: +92 3117781237

D.O.B: October 05,2005

### OBJECTIVE

---

Motivated **BS Cyber Security** student with a strong academic foundation in threat detection, network defense, and risk analysis, gained through university coursework and self-learning. Also equipped with full-stack web development skills from a **3-year IT diploma** and practical project experience. Actively seeking an internship to apply both cybersecurity and development skills in real-world environments, with a long-term focus on becoming a proficient Cyber Security Analyst.

### EDUCATION

---

- ❑ **Bachelor of Science** (2028)  
BS-Cyber Security (Sir Syed University Of Engineering & Technology)
- ❑ **HSC Computer-Science** (12<sup>th</sup> standard) (2023)  
Islamia Govt. Science College Karachi (Intermediate Board)
- ❑ **SSC Science** (10<sup>th</sup> standard) (2021)  
Metropolis Academy (Metric Board)

### TECHNICAL SKILLS

---

- Knowledge of fundamental **cybersecurity concepts**, including **threat analysis** and **network security principles**, acquired through ongoing BS Cyber Security studies and self-directed learning.
- Strong foundation in web development technologies including **HTML, CSS, JavaScript, React, PHP, Node.js**, and **MySQL** database integration through academic projects and practical experience.
- Proficient in debugging and troubleshooting technical issues efficiently using **browser developer tools** and **AI-assisted debugging tools** like ChatGPT.
- Effective communicator committed to continuous professional growth and building a career as a Cyber Security Analyst.

### CERTIFICATION

---

- 3-Year Diploma in Information Technology from **Aptech Learning Institute** — Focus on Web Development, Programming, and IT Fundamentals

### EDUCATIONAL PROJECTS

---

- **Employee Management System (Java):**  
A GUI-based application to manage employee records with CRUD operations and exception handling.
- **To-Do List Application (Java):**  
A task management app to add, update, and delete tasks with local storage support.
- **Knowlytics (Big Data Hadoop):**  
An Education Prediction Website
- **Event Sphere (Mern-Stack):**  
An Event Management Website

## EXTRA CURRICULAR ACTIVITIES

---

- Participated in Aptech Learning Institute's group projects and presentations, improving team collaboration and communication skills.
- Provided part-time computer and web development tuition to school-level students, reinforcing technical and teaching abilities.
- Voluntarily assisted classmates in debugging coding assignments and explaining core programming concepts.
